

Serial No. 10/749,593

Atty. Docket No. Mo 5346D2/LeA 32 314D2

Amendment to the Specification (Attorney Docket No. Mo 5346D2/LeA 32 314D2)

Please amend the specification as follows:

Please replace the paragraph beginning on page 3, line 22 of the specification and bridging to page 4, line 2 of the specification with the following paragraph:

The catalyst used is one or more Friedel-Crafts catalysts, preferably a Lewis acid, such as, for example, iron (III) chloride or ~~aluminium~~ aluminum chloride. For example, from 0.1 to 10 mol%, preferably from 0.2 to 2 mol%, based on 5-fluoro-1,3-xylene, are used.
